Manager – Data Platforms

Data Engineering & GenAI Strategy | GCP • BigQuery • Tableau • Prompt Engineering | Driving Scalable Data Solutions Globally

PROFESSIONAL SUMMARY

Experienced Data & BI Leader with **over 15 years** of success building scalable analytics platforms and cloud-native architectures. Led cross-functional teams to align data strategies with business goals, driving results through **cloud migration, BI automation, and change initiatives**.

Skilled in GCP, BigQuery, SQL, Tableau, Power BI, and data governance. Applied LLMs to automate workflows and improve decision-making. Actively pursuing senior leadership roles to lead data-driven innovation at a global scale.

CORE COMPETENCIES

- Data Engineering & Architecture (GCP, BigQuery, SQL)
 - BI Strategy & KPI Dashboards (Tableau, Power BI)
 - GenAI Integration & Prompt Engineering
 - Cloud Migration & Cost Optimization
 - Data Governance & Quality Control
 - Agile Project Management
 - Workflow Automation
 - Change Management & User Adoption
 - CXO Engagement & Stakeholder Alignment
 - Data-Driven Transformation Delivery
-

KEY ACHIEVEMENTS

- Led GCP cloud migration, reducing infrastructure costs by 30% and **improving data latency by 40%**
 - Delivered 15+ key data sources and data summaries, enabling executive dashboard creation and **accelerating decision cycles by 35%**
 - Built and mentored a full-stack team that **modernized legacy ETL workflows**, cutting reporting time by 60%
 - Established governance frameworks, increasing **data compliance audit pass rates by 25%**
 - Automated stakeholder reporting using GenAI, **reducing manual effort by 40+ hours/month**
-

SKILLS

Leadership & Strategy: BI Strategy • Stakeholder Management • Cloud Architecture • Data Governance • Cross-functional Leadership

Technical: BigQuery • Tableau • SQL • Python • PHP • Prompt Engineering • Shell Scripting

Tools: GCP • Trello • Smartsheet • Linux/Unix • MS Excel • Google Sheets

PROFESSIONAL EXPERIENCE

Radix — Manager – Business Intelligence | Jul 2022 – Present

- Defined enterprise BI strategy aligned with OKRs, **drove 20% faster insight delivery**
- Delivered cloud-native pipelines and launched **4+ self-serve data products** used org-wide
- Streamlined Tableau and BigQuery workloads through resource optimization and usage audits, **saving approximately \$50K annually** and boosting dashboard efficiency
- Coached global Agile teams, **improving BI adoption by 50%** and reducing onboarding time by 25%

Radix — Sr. Lead – Business Intelligence | Jun 2020 – Jun 2022

- Spearheaded **GCP infrastructure migration**, resulting in 30% operational cost savings and a 25% increase in platform availability
- Ensured seamless pipeline continuity with zero downtime during large-scale cloud transition, **maintaining 100% service reliability**
- Reengineered data workflows, **cutting access time from 24 hours to under 4 hours** through automation and improved data routing

- Deployed predictive analytics capabilities to enhance sales and marketing forecasting, **improving forecast accuracy by 15%**
- Delivered scalable BI frameworks powering 20+ departmental dashboards and **improving executive visibility**

Radix — Sr. Team Lead – BI App Development | Oct 2016 – Jun 2020

- Developed internal web apps **cutting manual tasks by 30%** and improving delivery speed
- **Integrated app analytics with BI tools** for product-level insights
- Automated backend workflows, **reducing delivery timelines by 25%**
- Collaborated with QA/design teams, **reducing rework cycles by 40%**

Radix — BI Lead Analyst | May 2015 – Oct 2016

- Established centralized reporting infrastructure, **boosting data consistency and stakeholder trust**
- Transitioned from static reports to interactive dashboards, **reducing dependency on ad-hoc data teams by 50%**
- Mentored and coached junior analysts, increasing team productivity **and dashboard delivery throughput by 30%**
- Aligned BI initiatives with revenue objectives, **strengthening CXO-level engagement** and strategic reporting focus

Directi — BI Analyst – Strategy & Reporting | Jun 2012 – May 2015

- Led the development of 10+ tailored **BI dashboards for revenue and sales forecasting**, enhancing executive decision-making accuracy across departments
- Delivered real-time reporting frameworks that improved executive visibility and **enabled faster reaction to sales trends across business units**

LogicBoxes — Business Intelligence & Development | Jun 2010 – Jun 2012

- Built the **company's first internal BI portal** (LB360) used by 100+ users
- Designed **dynamic tracking systems across multiple databases**, enhancing visibility and performance tracking across departments
- Automated complex MIS queries, increasing operational transparency and **reducing manual data pulls by 40%**

- Revamped the employee training interface, **resulting in a 30% reduction in onboarding time** and improved user experience for new hires

LogicBoxes — Business Operations Liaison | Apr 2009 – Jun 2010

- **Facilitated cross-functional workshops between client-facing and development teams** to identify process inefficiencies, cutting delivery timelines for internal products by 10%
 - Strengthened B2B partnerships, **improving onboarding NPS by +20 points**
 - Conducted **product-facing market research**; influenced roadmap priorities
-

MPHASIS — Specialist – Sr Technical Associate | Oct 2007 – Mar 2009

- Delivered high-quality support for Tier 1 & 2 infrastructure incidents (servers, VPNs, apps), **consistently maintaining 90% SLA adherence**
- Revamped support workflows and playbooks, **reducing average resolution time by 25%** and increasing support team efficiency

SutherLand — Technical Associate | Oct 2006 – Sep 2007

- Delivered frontline support for Symantec Norton suite, **achieving higher CSAT scores** and faster issue resolution
 - Diagnosed and resolved OS-level issues, **ensuring seamless performance for over 50 remote users each week**
-

EDUCATION & CERTIFICATIONS

- **Google Data Analytics – Coursera (Jul 2025)**
 - **OpenAI: AI Assistants for Project Managers – Coursera (May 2025)**
 - **Data Management Masterclass – Udemy (Jan 2025)**
 - **Foundations of Project Management – Google (Oct 2024)**
 - **Google AI Essentials – Google (Oct 2024)**
 - **Red Hat Certified Engineer – Red Hat (Feb 2009)**
 - **Red Hat Certified System Administrator – Red Hat (Jan 2009)**
 - **B.Com – University of Mumbai**
 - **GNIIT Diploma – NIIT**
-
